214 South Taylor Street
Lead Incident investigated by USEPA

In the early 1990's at the above address lead in the consumers residence was reported

at 400 ug/l. I was an employee of the public water utility at the time the lead was

detected. Shortly after I left taking a position as a water superintendent south, but
staying in touch with the EPA. During the summer months two EPA employees met
me on the Indiana Toll Road and we drove into the City of Mishawaka, Indiana

discussing several items. At this time I'm only interested in the lead on Taylor Street.

ANY documentation of mention of Bob Hiltner (IDEM)
While I have a well documented Journal of that investigation I desire to read your

account by the EPA employees that day. Did they return to Chicago doing nothing?

Did they write a report? Please advise.

Respectfully,

Longmire
